## **Youth Camporee Staff**

**We usually need between 35 and 40 Scouts for Leadership & Staff Roles. Ideally, each Troop attending Camporee should plan to have at least one Scout on Youth Staff. We want to have an even balance of Troop representation so we do limit the number of Scouts from each Troop. Scoutmasters do have to approve applications. Having an approved application does not mean a Scout will be accepted for Youth Staff.**

# Order of the Arrow Moluk Chapter

**OA Coordinator:** [Ray Chan](#)

## History of the Order of the Arrow:

In 1915, Camp Director E. Umer Goodman and Assistant Director Carroll A. Edson searched for a way to recognize select campers for their cheerful spirits of service at Treasure Island Scout Camp on the Delaware River. Goodman and Edson founded the Order of the Arrow when they held their first Ordeal Ceremony on July 18th of that year. By 1921, as the popularity of the organization spread to other camps, local lodges attended the first national gathering called a Grand Lodge Meeting.

The Order of the Arrow was one of many camp honor societies that existed at local Scout camps across the country. As the years went on and more camps adopted the Order of the Arrow's program, it gained prominence and became part of the national Boy Scout program in 1934. By 1948, the OA, recognized as the BSA's national brotherhood of honor campers, became an official part of the the Boy Scouts of America. Toward the end of the twentieth century, the OA expanded its focus to include conservation, high adventure, and servant-leadership. Throughout the years, the Order of the Arrow has played an integral role in the program of the the Boy Scouts and in the community service its members contribute to their communities. To date, more than one million people have been members of the Order of the Arrow.

Presently, the Order of the Arrow consists of nearly 300 lodges which form approximately 48 sections in four regions. Leadership positions and voting rights are restricted to members under the age of 21. Through the program, members live up to the ideals of brotherhood, cheerfulness, and service set forth by Umer E. Goodman and Carroll Edson.

## **OA Activities at Camporee 2018**

1. Indian village. A teepee
2. OA to sell ice cold water and Gatorade (including reduced calorie) at Indian Village
3. Call out ceremony on Saturday night then take Candidates and Members away for the traditional event

# Traffic & Parking

## What you need to know:

### ❖ For Drop Off:

- Arrival at and departure from Camp is a time for everyone to be on high alert. There's lots of people and vehicle movement, and that's a recipe for trouble if people are not fully engaged and paying attention to ALL instructions from the parking staff.
- We urge Troops to bring Scouts' backpacks in with their equipment vehicle. In previous years, Scouts have hiked in with their backpacks. Now, we want Scouts to hike in without their backpacks. It's a safety thing. The Los Mochos entry area at Mines Rd is very constrained. The crush of people and vehicles, makes unloading Scouts with their backpacks very unsafe and therefore unacceptable.
- Drivers must drop off Scouts in the designated drop off location (see the diagram following) after which Scouts will move to a safe assembly point before hiking into camp and vehicles will leave the area immediately - no site seeing or photo ops.
- We strongly discourage vehicles driving into Camp just to do a drop off, and any that do can expect to wait until after 7:30p before being able to drive out.
- 

### ❖ Parking is very constrained:

- **Carpooling is a necessity.**
- We charge \$5/per car to drive into camp and park. Cash only, exact change please.
- All vehicles must back into parking spaces so they are facing out to ensure a quick and safe exit.
- The Manzanita drop off area for Troop camping gear accommodates only a few vehicles at a time. Troops need to consolidate their equipment into one vehicle if at all possible. This consolidation may take place in the main parking area. We work as quickly as possible but delays are inevitable.

### ❖ For Webelos:

- Vehicles are most likely going to be directed to the Deadwood area parking lot. You may drop off Webelos at Teel Lodge and follow directions from the parking staff.

### Drop Off Instructions:

Quickly drop off scouts and packs. Move scouts to "Troop Staging" area and leave immediately.

# Health & Safety

**Health & Safety Chair:**

**Health & Safety Asst:** [Lia Marquez](#)

## **Key Points:**

1. Bring Medical forms (Part A/B) for all participants
  - \* Units are responsible for keeping the medical forms readily available at all times if needed by adult leadership or Camporee medical staff.
2. Troops & Packs are expected to be self sufficient in treating minor injuries and accidents.
  - \* Qualified medical staff are on-site to address more serious issues if any should occur.
3. Each Unit needs a Safety Officer who:
  - \* Will have the medical forms
  - \* Is the primary contact on safety issues between Camporee Staff, your Unit, and your Scouts' Families, if needed.
  - \* Is responsible for developing and communicating a Unit evacuation plan including the ability to verify that all unit members are accounted for.
4. Each Unit must be prepared to clear any equipment from the Events field in ten minutes or less in the event an Air Evacuation is required.
  - \* If necessary, a helicopter would land on the events (soccer) field. All gear must be able to be moved off the field very rapidly.
5. Make sure to prepare for the heat. Bring sun protection. Water flavoring is advisable because some campers avoid drinking the camp's well water. It's safe but not in the same tasty league as EBMUD's water!

# Campsite Inspections

## Mission Camporee Dinner Competition:

**The Rules:** Each troop submits 2 patrols to represent them for the dinner competition at Camporee utilizing the Theme, Mission Camporee. You will need to disguise your meal. On the outside, it may appear to be chicken, but the reality is, it could be a vegetable dish. Troops should hold your own competition to see which patrol will qualify to compete against other patrols at Camporee. Recipes can be found online, or better yet, use your imagination. You will present to the judges a very brief presentation on what you have submitted and the judges will be tasting it. You can start preparing your meals at any time after the Saturday Patrol competition ends. There will be a one-hour window to present to the judges. Judges will score the dishes on a 120-point scale: 60 points plating and presentation, 60 points for the main dish - taste, nutrition and level of difficulty. Plus....**10 Bonus points if you can create a dessert disguised using your patrol theme!** The patrol with the most points **and** demonstrates a true Mission Camporee Spirit wins.
